Summary

Enthusiastic Java Developer with strong foundation in Core Java, OOPs concept, SQL, HTML, CSS, JavaScript and Bootstrap. Experienced in building responsive web interfaces. Eager to apply technical abilities to real-world projects.

Education

K.L.N. College of Engineering
- B.E (EEE) - 8.46   Sept 2021 – April 2025

P.N.U.A.P.T. Dorairaj Hr Sec School
- HSC || Computer Science - 86%   June 2020 – April 2021
- SSLC - 82%   June 2018 – April 2019

Projects

Stream Hub   GitHub Link

Developed a video playlist using HTML, CSS and JavaScript, integrating dynamic **JSON data loading** and **DOM-based** video switching with optimized event handling.

Portfolio Website   GitHub Link

Built a responsive portfolio site with HTML5, CSS3, JavaScript, **grid/flexbox layouts** and **EmailJS integration**, fully optimized for cross-browser and mobile.

Mini Projects

Diarycart   GitHub Link

Developed a responsive personal notes app with HTML, CSS, JS, **interactive popups** and **DOM manipulation**.

User Gateway   GitHub Link

Designed authentication interfaces with **HTML5**, **CSS3**, **Javascript**, cross-browser compatibility and interactive UI.

Skills

Languages: Java, Javascript, HTML, CSS
Frameworks: Bootstrap
Back-End Development: Core Java
Database: Oracle SQL
Tools: Git, Github
Concept: Data Structures and Algorithms

Curriculum Projects

Smart Automated EV Charging with Prepaid Access System   Final Year
- Focused on developing a user-friendly EV charging system with prepaid access, RFID verification and renewable energy prioritization.

Certificates

Bagged Second Price in Third Year Project Contest at KLNCE   May-2024
Completed JAVA course by SSI Education Center   Nov-2023
Certified in MySQL from Skillrack   Feb-2025

Languages

English, Sourashtra, Tamil
